On and after July 19 a change of time will become effective between Wichita and New York, so that a passenger leaving Wichita on the Missouri Pacific railway can reach New York in 49 hours and 15 minutes. The train leaves Wichita daily at 12:55 p.m., arriving in New York at 2:50 p.m. the second day following. Only one change of cars is necessary, which is made in the St. Louis Union depot. This is several hours quicker time than can be made by any other line out of Wichita. Seats free in chair cars. Pullman sleeping cars if desired.

E. E. BLACKLEY, P. & T. A.
159 North Main street.

When you go, take the Frisco line to St. Louis and the east for the reason that it is the only line running two solid trains daily without change of any class to St. Louis morning and night and it is the only line having palace reclining chairs and Pullman sleeping cars morning and night trains. Always on time and sure of making eastern connections at St. Louis Union depot. 34-17

We Hearby Recommend
The new route to Utah and northern California, via A. T. and S. F. and Colorado Midland, because: It is picturesque; it is quick; it is always on time. You see Colorado by daylight. The new fast schedule allows two hours for sight-seeing at Manitou. Two daily passenger trains each way. Palace sleepers to Ogden, connecting with Southern Pacific for San Francisco.

We also recommend the Santa Fe route through New Mexico and Arizona to Los Angeles, San Diego and San Francisco, as a direct and pleasant line for winter travel.
Excursion tickets may be bought going one line and returning the other. 435-17

Something Wrong.
"Well," said the "brute" to his wife as he took his place at the breakfast table, "who are the new neighbors next door?"
"Why, how should I know?" answered the wife.
"Don't you know their name?"
"Of course not."
"Are they wealthy?"
"I'm sure I don't know."
"The man an old skinflint?"
"I don't know."
"His wife extravagant?"
"You will have to ask some one else."
"Any daughters? And are they proud and stuck up?"
"Why, Harry? I don't know."
"Anything mysterious about them? A secret connected with the family?"
"I don't know anything about them."
"What! You don't?"
"No."
"They have been here twenty-four hours—I'll send the doctor up as I go down town."
"What are you going to send the doctor up for?"
"Something must be the matter with you. That family has lived next to us for one whole day and you don't know the first thing about them yet. You need attending to."
And then he buried himself in his paper.—Philadelphia Press.

A poor fellow who had failed at one thing and another at last took up the profession of submarine diving. It was perilous, he knew, but as he expressed it, he "had to do something to keep his head above water."—Youth's Companion.
